

American Seed Trade Association Membership Application

Our Mission

ASTA's mission is to be an effective voice of action in all matters concerning the development, marketing and free movement of seed, associated products and services throughout the world with a minimum of regulation. ASTA promotes the development of better seed to produce better crops for a better quality of life.

What We Do

ASTA, directed by its members, is involved in nearly all issues relating to plant germplasm, focusing on three areas of industry importance: regulatory and legislative matters at international, national, EMC
